

The new Kronen Salad Spinner KS-22
Innovative food technology for drying salads,
crudités and fruit

On the plate, in a salad bowl or in a beaker:
You want your salads dry because you need to keep them fresh and appetizing.

Easiest possible handling with the Kronen KS-22: Just put in the basket and close the lid- that's it! The machine turns on automatically and stops after the end of the cycle.

Space saving solutions:
70% of our customers have the spinner built into the preparation table next to the sink.

The spinning basket with 22 litres volume comes in stainless steel, of course. Easily removable.
